# DYSPORT/BOTOX

10% OFF

Dysport/Botox is a cosmetic injectable used to reduce the appearance of wrinkles and fine lines, temporarily relaxing the muscles that cause wrinkles.

***Provides a smoother, more youthful appearance by reducing muscle activity that causes wrinkles.***

- Purpose: Smooth out dynamic wrinkles like frown lines (glabellar lines) between the eyebrows.
- Procedure: A quick, minimally invasive treatment where small amounts of Dysport are injected into targeted muscles.
- Duration: The effects typically appear within a few days and can last 3-4 months.
- Recovery: Minimal downtime; patients can usually return to normal activities immediately.

# FILLER (1ML SYRINGE)

## 15% OFF

**Fillers are injectable substances used in cosmetic procedures to add volume, smooth wrinkles, and enhance facial contours. They are commonly used for:**

- **Plumping Lips:** Adds volume and shape.
- **Smoothing Wrinkles:** Fills in lines and creases, such as nasolabial folds and marionette lines.
- **Enhancing Cheeks:** Restores lost volume for a more youthful appearance.
- **Jawline Contouring:** Defines and sharpens jawline and chin.
- **Under-Eye Hollows:** Reduces the appearance of dark circles and hollows.
