10% off IV Infusions

Our Certified Nurse Injectors are trained and highly skilled in both IV Infusions and supplemental "Shot Bar".

Many people eating a complete diet will still not be able to absorb macro or micronutrients due to gastrointestinal problems. You can't say, "You are what you eat." if you are not absorbing all the nutrients!

Micronutrient deficiency affects approximately 2 BILLION people worldwide!

Conditions that could potentially be supported through IV Therapies include:

- *Angina *Asthma *Atherosclerosis
- *Autoimmune Diseases *Cancer
- *Cardiovascular Diseases *Chronic Fatigue Syndrome
- *Chronic Pain *Dehydration
- *Diabetes *Gout *High Heavy Metals
- *Hypertension *Infection *Irritable Bowl Syndrome
- *Macular Degeneration
- *Malnutrition *Migraines *Premenstrual Syndrome (PMS)
- *Rheumatoid Arthritis (RA) *Many More..

Simply Beautiful *Medical Spa*

20% off Facials

Your Facial, Your way

A facial is a deep cleansing of the skin of the face, neck, and décolletage. This relaxing treatment includes gentle massage and plenty of moisturization, to leave the skin glowing and youthful!

During your facial, you will receive a skin analysis in which our highly-trained nurses will customize your treatment.

We offer professional strength exfoliation and hydrating that will leave you with results that smooth the skin, increase cellular turnover, soften lines, and break up skin discoloration to promote more even-toned skin.

Simply Beautiful *Medical Spa*

20% off DermaSound

DermaSound Facial **Introducing the next level of facial!**

The DermaSound Facial is a revolutionary treatment that delivers ultrasound (low-frequency sound waves) into the skin for exfoliation, skin tightening and deep hydration by vibrating the skin so clinical grade products can deeply penetrate the skin.

Benefits:

Exfoliation of dead skin, revealing a brighter complexion

Removal of debris and oil from the pores, thereby reducing pore size.

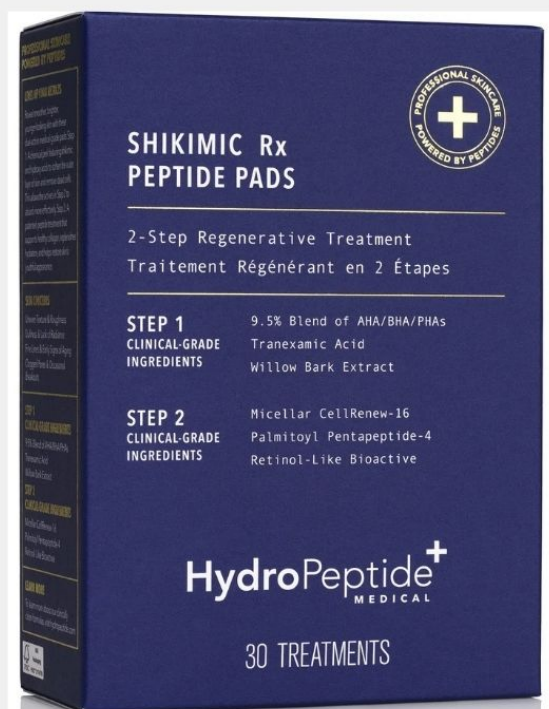

Stimulation of skin collagen and elastin for skin tightening and reduction of fine lines.

(45-minute treatment includes face and neck)
